

Billy Sequeira
Earth Day poem
Grade 8
3/30/16

One Thing

What if the trees were not cut,
For their wood that is not worth much.

What if the birds did not have to fear,
Their houses cut down to make ours.

If we try a little bit,
We could save a lot.

So just today try to do one thing,
That could help to save the Earth.

And if everyone does one simple thing,
The world would be a better place.
